Ref: Pre-consented recovery facility - PCF 20223

Date: 02-12-2022

Dear Ms Sigel,

In accordance with Article 14 (1) of Regulation (EC) No. 1013/2006 on shipments of waste (WSR), please find enclosed a certificate of pre-consent for the import of waste for recovery specified in Schedules 1 and 2 of your certificate.

The pre-consent is valid from **14th December 2022** to **14th December 2025**. The National Trans- Frontier Shipments Office (NTFSO) has the right to revoke this at any time.

This pre-consent certificate is not transferable to any other recovery facilities operated by KMK Metals Recycling Ltd.

Variations or renewal of the pre-consent must be submitted to the NTFSO in writing using the standard application form.

For further information, please contact the TFS team at the address above.

Yours sincerely,

David Keating

Introductory notes about this pre-consent

- a. This note is not the pre-consent certificate.
- b. The pre-consent is issued on the understanding that the company named in the pre-consent Certificate ("the Certificate") is authorised to process waste at the stated facility and has an environmental licence/permit ("the Licence") which is issued under the appropriate legislation. Nothing in this document may be construed as varying the Licence, and if there is any ambiguity between this document and the Licence, the Licence will take precedence.
- c. The pre-consent is issued in accordance with Article 14(1) of the WSR.
- d. Notifications for shipments of waste to the facility specified in the Certificate detailed in Schedule 1 for recovery using the technologies /processes detailed in Schedule 2 may benefit from derogations from Articles 9, 10 and 12 of the WSR as set out in Article 14(2) and (4) of that Regulation in accordance with the pre-consent.
- e. The pre-consent is limited in time as stated in the Certificate. The Certificate may be revoked at any time by the NTFSO. All revocations will be confirmed in writing by issue of a Notice. The Notice will contain details as to why the pre-consent has been revoked.
- f. All transfrontier shipments of waste to the facility stated in the Certificate must comply with the procedures for prior notification and consent, as required by the WSR.
- g. The pre-consent may not be transferred to other recovery facilities operated by the same company.
- h. Any application for amendment or renewal of the pre-consent must be made on the standard application form to:
